How to Wash Hands

Use mild liquid antibacterial soap and warm water.

Scrub hands vigorously for 20 seconds.

Wash all surfaces, including backs of hands, wrists, between fingers, and under fingernails.

Rinse well.

Dry hands with disposable paper towel.

Be careful to avoid touching the faucet handles or towel holder with clean hands.
Wash your hands with soap and water or use hand sanitizer, especially after touching frequently used items or surfaces.

Avoid touching your face.

Sneeze or cough into a tissue, or the inside of your elbow.

Disinfect frequently used items and surfaces as much as possible.

Strongly consider using face coverings while in public, and particularly when using mass transit.
